

Resource Inventory

An important first step for school and community leaders seeking to create or expand community school partnerships is to assess the broad range of resources that are currently available within or connected to their school. Some of these programs and services may be directly supported by the school; others may be supported by community organizations and agencies. This checklist helps you to take inventory of the programs and services already administered by the school and its partners. Once you know what programs and services exist, your challenge is to make sure these programs and services are strategically coordinated to achieve desired results and to identify new programs and services that may be needed.
